About Us

BSN Infotech Pvt. Ltd., a renowned IT and staffing solutions company, Uttar Pradesh (India), was established in 2003. Based in Lucknow, we have business interests in web & software development as well as in providing staffing solutions. We have developed many cutting-edge and customized software solutions in the field of accounting, management & MIS. We specialize in offering a host of IT services that include extensive ERP and accounting software development for schools, colleges, and businesses.

Company's core practices are in developing both generalized & customized packages with total quality control and to the full customer satisfaction. Company's main aim is to be friendly with customers by knowing their requirements and accordingly providing best software solutions according to user requirements rate all over the India.

Vision

"To convey message to even the smallest man in business that use of software for computerized accountancy is neither expensive nor it needs higher level of computer literacy. Minimal computer skills added with basic knowledge of accounts can handle this software with unique simplicity." This unique concept was primarily conceived by Mr. Bipin Srivastava, who is the Founder and Managing Director (MD) of the Company.

This vision could be turned into reality by virtue of his long and successful years of stay in the field of taxation. He gathered enormous experience of handling intricate issues connected to this profession. Also, by virtue of having thorough knowledge of computer application in the sphere of tax management, Mr. Bipin Kr. Srivastava realised the need of software, which can provide a best solution to Accounting, Inventory Control, Tax Assessment matters and can also be used by non-professionals, meaning thereby to make it a truly user-friendly product.

At BSN InfoTech, we have always prided ourselves in the vision, skills, expertise and professionalism of our team. Our team members make use of their keen insight to foresee industry trends and meet demanding customer needs. And the working of their collective minds in a highly supportive environment ensures that our products and services retain a competitive edge at all times.

BSN InfoTech is focused on creating sustainable value growth through innovative S/W solutions. Our values are at the heart of our business reputation and are essential to our continued success. We foster an environment to instill these values in every facet of our organization.

VIDYAWELL®
School Management Software

Our Product VidyaWell

There is revolution in the air, even as India moves towards the digital space. This has led to cutting-edge solutions in the education sphere, with online tracking of schools and colleges. Every stakeholder in the institutional set up, the teachers, students, parents and management form a part of this connected world. Up until now, schools have had to manage various departments manually.

With information technology tools allowing access & transparency, it is important that we adopt technologies that help ensure automated data management of educational institutions. Once our software finds acceptance, we aim to ensure a smooth change-over to provide paperless solutions. VidyaWell ensures online management of each and every activity like school admissions, online attendance, curriculum management and vehicle tracking of students to name a few. Imagine, that your student can now submit his/her assignments online and can even get academic updates as and when the need arises.

The application not only facilitates the management of schools and simplifies the responsibilities of the management but also makes education more accessible, easy and fun with its extensive and dedicated modules.
